1965 YAN-TAT

EDITED BY THE
SENIOR CLASS OF
BARTLETT YANCEY
HIGH SCHOOL
Yanceyville, North Carolina

Foreword

As time walks on, it leaves behind its footprints--footprints in the form of memories. Within these pages have been captured forever some of these footprints. They reveal past joys, friendships, and responsibilities. Your dreams, your youthful enthusiasm, and your quest of knowledge have molded this book. May it forever be a memorable footprint in time for you, the students of Bartlett Yancy High.

ACTIVITIES

Student Council

The Student Council is set up to help both the faculty and the students in their relationship with one another. It is sometimes called the "right arm" of the student body. Serving as the voice of the students, it also supports and strengthens other school organizations.

The Student Council consists of members chosen from each home-room. These students are chosen for their leadership and co-operation.

The goal of the Student Council is to help improve our school, and help other students to accept the responsibilities that are rightfully theirs.

The Bartlett Yancey Chapter of the Future Teachers of America is a relatively new organization in our school. It is composed of boys and girls who would like to center their careers around the teaching profession. The members of the club get experience by observing a teacher and her students while having class. They learn how the teacher carries out the lesson and the reactions of the students. The experiences are very helpful to a Future Teacher.

The Future Farmers of America or F.F.A. as it is commonly called is a national organization for urban and farm boys from 14 to 21 years of age. It was organized in 1928 by some devoted agriculture teachers who felt that farm boys needed more than just learning how to farm. Since then it has become one of the greatest organizations for boys in the world. It not only has an active membership in the U.S., but in Puerto Rico also.

The primary aim of the F.F.A. is to develop aggressive, competent, leadership. No time in our nation's history has the need been so great.

The F.F.A. is a natural and practical program which believes in having by doing. It helps to explore careers directly related to agriculture and to recognize a need for continuing education.

A high school paper has a high educational value to student workers and a special value and acceptability to student readers.

The purpose of a school paper is to publish the news and events of student and school life. It may also be a springboard for those students who will pursue careers in journalism or allied fields, where it helps to know how to write clearly and concisely.

The school newspaper reflects the kind of school it represents. So, it is very important that it be at its best.

Dramatics Club

The purpose of the Dramatics Club is to help students realize the need for improved communication between human beings as being one of the keys to the ultimate-world peace. Only when we learn to communicate effectively with our fellow man do we understand the problems of our fellow man.

The activities in speech and drama give us the practical experience in speaking before groups, in using our creative abilities, in building self-confidence, and evaluating ourselves individually as well as how we fit into our society.

We are hopeful this club will be an advantage to the community as well as our school.

*State
Runner-Up
Trophy*

After becoming conference champions in 1964, Cobb Memorial went into the state championship playoffs. Behind the strong right arm of Wayne Poteat, Cobb advanced to the finals against an excellent Elm City nine. The strain had begun to tell on the Cobb players and they lost the first two of a three game series to finish second to the state champs.

We were very proud of our team and have high hopes for the team of 1965.

In Memoriam*

Stella Talbott

At Christmas time in 1962 our class lost one who meant a lot to us. Her life was gay and full of joy. With her unconquerable spirit she made our lives bright. We who knew and loved her were saddened by her sudden departure, but she left with us memories which will stay with us forever.

We the Senior Class of

1965

proudly leave our yearbook

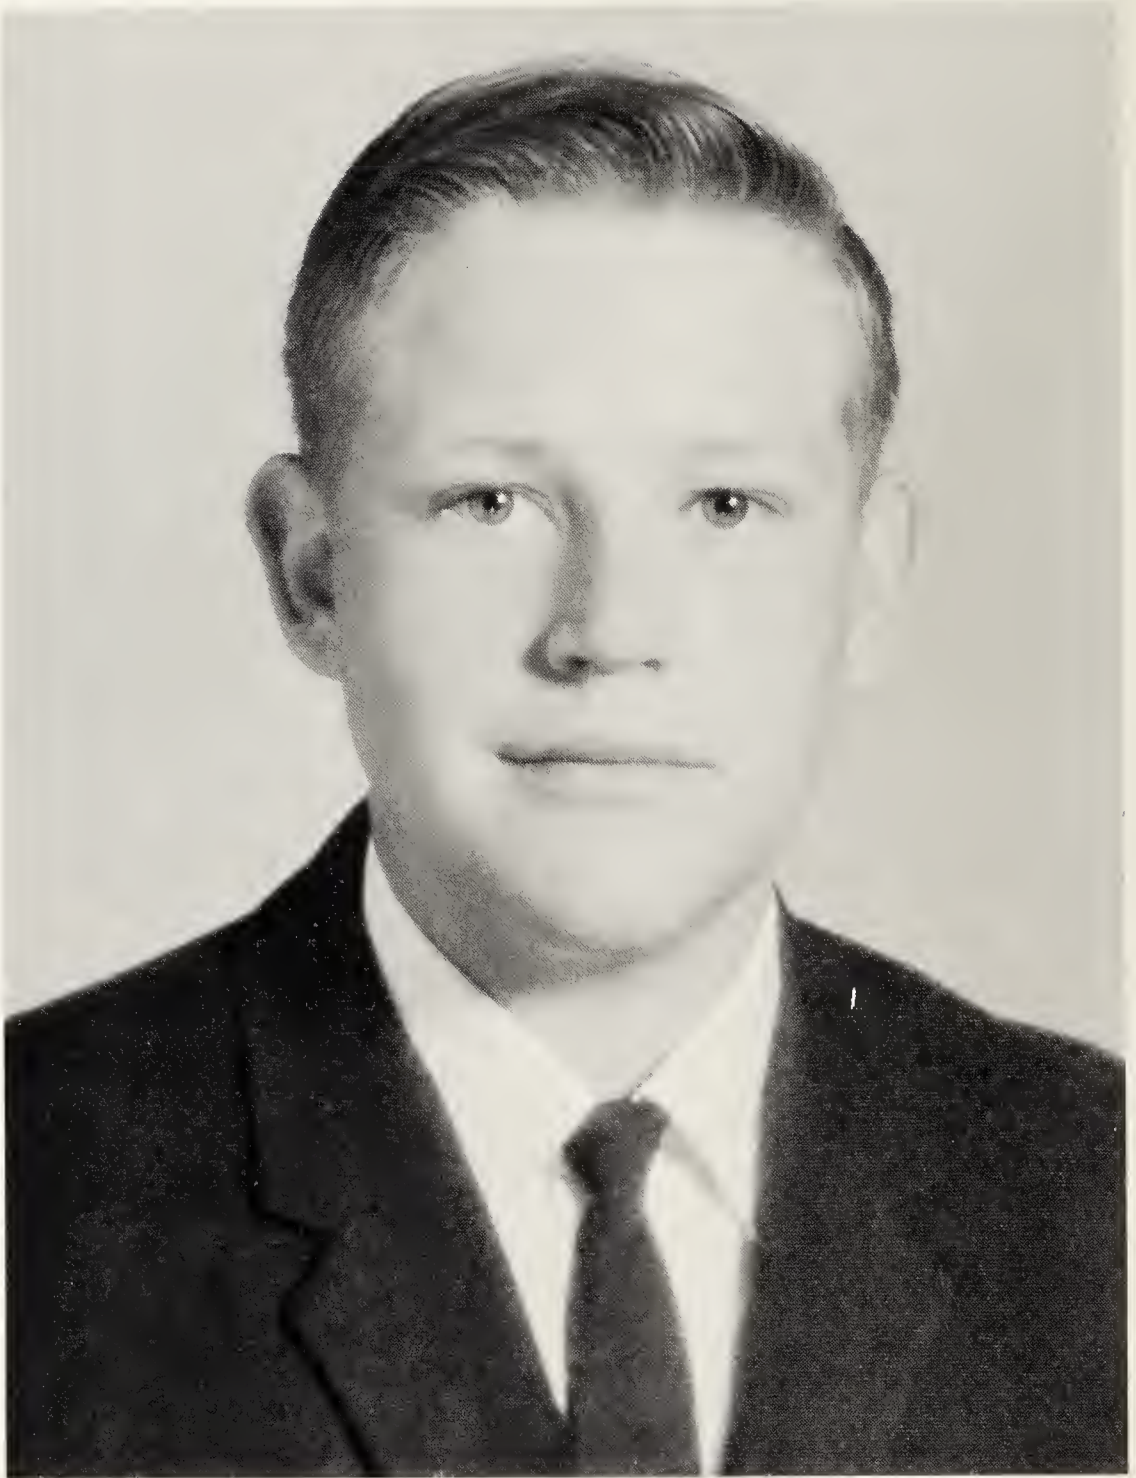

In Memory of

Our Dear Classmate

and Friend,

Stella Sue Talbott

May 30, 1947--December 24, 1962

Dwayne Willis

"To live in the hearts of those you
leave behind is not to die."

Campbell

Words are of no value when we attempt to make them express the empty feeling that is instilled within the heart due to the loss of a dear friend. Our high school years were saddened in the summer of 1962 by the tragic death of an irreplaceable classmate. His infallible attitude, his unforgettable personality and his zestful approach to life will make his memory live within our hearts forever.

We, the students of the 1965 class, do proudly leave our annual,

In Memory of

Dwayne Willis

Two frogs fell into a deep
milk bowl.
One was an optimistic soul
But the other took the gloomy view.
"We shall drown," he cried,
without more ado,
So with a last despairing cry,
He flung up his legs and
he said, "Goodby."
Quoth the other frog with
a merry grin,
"I can't get out, but I won't give in;
I'll just swim around till
my strength is spent;
Then will I die the more
content."
Bravely he swam till it would
seem
His struggles began to churn
the cream,
On top of the butter at last he
stopped
And out of the bowl he gaily
hopped.
The moral we attempt to define,
We can, if we try, succeed
in kind.
